

LIFE IN LOCKDOWN

APRIL UPDATE

Here we go. This isn't quite the usual 'Life in Circle's as the title suggests, it's now just a case of getting through this and having a 'Life in Lockdown' instead. But although everything has been put on hold we can all still have a bit of fun too so let's see what I've been up to...

Social Media

If you've been following some of my social media posts you may have seen some of the things I've been up to, for example; the balance board juggling, the 'World Famous Bottle Flip', the brand new game that is 'The Speedway Simulator' and 'What's in my Van'. If you've got any ideas get in touch and we might give it a go. These have all been great fun and just things to put a smile on people's faces and I'm so happy with some of your comments. But honestly the bottle flip, that took a while (like longer than a while)

Diary of a week in Lockdown

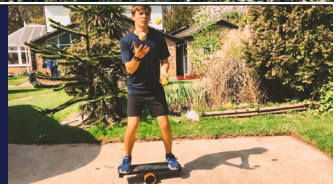

As 'Eastbourne' titled it, we put together a video so you could see what we as speedway riders were getting up to. One aspect of my life I know a lot of you were unaware of is all the different animals that we have, ranging from donkeys to the peacock. So you live on a farm? No, we definitely don't live on a farm, the story is basically that where we live is where my dad grew up and his family had always had donkeys and when one dies you feel like you need to get another so the other doesn't get lonely and so the cycle continues. And for the peacock well... he kinda just arrived. What do you mean he just arrived? How does a peacock just arrive? Well pretty much like 2 or 3 summers ago he arrived along with 2 peahens (Female version of a peacock hence the name peacock and peahen, I don't need to explain how) but what happened was the 2 females got eaten so now he's on his own.

Staying Fit

During lockdown as riders although we don't have a date to be ready for we know that we still need to stay sharp and fit. So I've tracked a fair few miles on my feet as well as on wheels during this time out. As well as this we have also been taking part in all of the GB Speedway Team video calls. We've done these on Zoom (basically facetime) where we've been catching up, training and lots of top top secret stuff that I can't share.

Stay Safe

And that's a wrap on this months and hopefully the only edition of 'Life in Lockdown' (we can be hopeful anyways). Please everyone follow government guidelines and stay safe. All the best, *Jason*
